### Why donate to this collection event?

We can take all unwanted textiles\* that are either worn out or no longer fit.

Instead of throwing these items into the trash where they'll simply add to our Nation's growing landfills, give your clothes and textiles a second life by participating in our textile collection drive.

In addition to helping the Earth, you'll also be helping your local community, school and children. Proceeds from this textile drive will go directly to the students at Juanita Elementary School and their Outdoor Education Program.

### Where can I drop off my donations?
